

# Marble Orchard Historic Walking Tours

Custom Tours Arranged by Appointment

## Discover the History of Western New York!

The Marble Orchard Historic Walking Tours have been in production for over 15 years.

Stories are told by local characters from the mid-1800s, many of whom are buried in the Village Cemetery! The 90 minute walking tours are lead by members of the Marble Orchard Players, who combine historical fact with local legends and bring the past to life, tailoring the stories to fit the age and interest of the group.

Our guides take narrating to a whole new level. With their combination of commitment, passion and creativity, it is no wonder why the walks are extraordinary and unique.

Marble Orchard Walks are available by appointment for any age and group. If you have a houseful of visitors, or your organization is in need of a interesting and entertaining event, this is a wonderful opportunity.

*Please call (716) 754-0166 for information on rates and available dates for this custom walking tour.*

## Listen to what our walkers had to say:

- "The tour was wonderful. I'll be back with my family"
- "This tour was fascinating. You made the history of Lewiston come alive"
- "Thank you for a captivating journey into the past"
- "I want to personally say thanks for providing the most incredible cultural rich experience that some of my students have ever experienced in their short lives. Some even had tears in their eyes when they finally had an opportunity to reflect"
