There is no better way to experience the soul of a destination than through its food. Add in a historic craft cocktail served by Catherine Hustler herself or a glass of wine and you've got a guaranteed good time.

Thanks to a partnership between LCA and Corey McGowan Productions, foodies are invited to descend upon the Village to sample the delicious, creative, healthy and award-winning cuisine that make the Lewiston area one of the most widely recognized restaurant destinations in Western New York.

*A Taste of Lewiston is more than just food.* We are also showcasing the products and services of some of Lewiston's great businesses. - just look at the list of participants below.

We can honestly say that the finest part of any festival is the wonderful people who attend. After all, the best guests make the best parties!
